DETAILED ACTION

This communication is in response to amendment received on 12/07/06.

Applicant's election of group I in the reply filed on 12/07/06 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

Claims 21 – 26, 29, 36 – 38 and 43 are presented for examination.

This application is in condition for allowance except for the following formal matters:

Claim Objections

Claim 21 is objected to because of the following informalities: it is unclear what is meant by a switchable aperture? Is the aperture being switched with another aperture or is the aperture being switched in size or shape and how the switching of the aperture is being performed. Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
